

# Food Preparation System

Product Code: 920

Length: 315mm (12.5") Width: 295mm (11.5") Height: 35mm (1.5") Weight: 1.3kg (3lbs)  
All parts removable for washing and are dishwasher safe. This durable polystyrene cutting board is ideal for people who have difficulty gripping or who have the use of only one hand. The preparation board allows a wide variety of tasks to be carried out, such as chopping, slicing, grating, peeling and mixing all single handed. Non-slip suction pads for stability. Easy to operate clamp. Adjustable pegs to hold small and large items securely. Spike can be removed and inverted to give a flat working surface. Durable polystyrene board with stainless steel fixtures.
