

Wood Puzzles

Fundraiser

Raise funds
for new
equipment
for your
centre

Wood Puzzles supports the education of young children by developing a range of products to assist parents and teachers.

Having a **Wood Puzzles Fundraiser** for your centre, kindy or school allows parents to purchase from our full range of products with 15% of the basket value of all orders placed credited to the centre, to purchase Wood Puzzles products.

Due to the diverse range and personalisation of our products, our fundraiser is operated online through our website. By including all products we hope there will be something for everyone, resulting in more orders and credits for your centre. Being online also means there are no orders or money to be collected.

How Does it Work?

- 1.** Select the dates for your fundraiser.
Ordering: We suggest allowing a 3 week period for orders to be placed. Delivery: Please allow 4 weeks from the last order date for delivery of orders.
- 2.** Wood Puzzles will provide printed product brochures that highlight our most popular products and an ordering information sheet.
Just let us know how many you require and the date you require them.
- 3.** Distribute the brochures to your families.
- 4.** Families visit the Wood Puzzles website www.woodpuzzles.com.au to find out more about our products and to place their orders.
Wood Puzzles accepts credit cards, paypal and bank deposit payments.
- 5.** On the completion of the ordering period Wood Puzzles will forward a list of all orders and their value to the centre. This will also include the credit amount the centre has raised.
- 6.** Products are delivered to the centre.
